

```
1  #include<stdio.h>
2
3  int main() {
4      int a[1000], i, n, max, min;
5      printf("Enter the number of input: ");
6      scanf("%d", &n);
7
8      printf("Enter the elements: ");
9      for(i = 0; i < n; i++) {
10         scanf("%d", &a[i]);
11     }
12     printf("Reverse array:");
13     for(i = n-1; i >=0; i--){
14         printf("%d", a[i]);
15     }
16     return 0;
17 }
18
19
```
